Performance Bonus(es)	13	19
Ration**	1 – p. 769	1 – p. 1004

* Does not include the proposed U.S. Public Health Science Track degree program.

† Quotation marks added; these “Best Practices” are defined and approved by government and can be used to ration and deny care.

** Ostensibly meant to prevent rationing, however, other words in the bills, such as pushing “effective” care (as defined by government) and eliminating “abuse” “waste” and “fraud” (as defined by government) and giving “performance” bonuses are meant to enable rationing.
